INVESTMENT SALE

Oro Verde Limited (ASX; OVL) (“the Company” or “OVL”) is pleased to announce that it has sold its investment holding in Weatherly International plc for net proceeds of \$1,630,811.

OVL’s Executive Chairman, Dr Wolf Martinick, said:

“OVL’s investment in Weatherly was obtained following our vending of the Luanshya tenements in Zambia some time ago and with our move to exploration in Chile is no longer core to our business.

The sale proceeds, in addition to the recent capital raising of approximately \$2.6 million places the Company in a strong position to continue exploration of its prospective exploration portfolio in Chile.”
